This bungalow is perfectly positioned on a spacious corner lot in Valleyview. Offering an incredible blend of energy efficiency, modern convenience, and cozy charm, this home is truly one of a kind. Featuring geothermal heating and cooling, you'll enjoy warmth in the winter and refreshing coolness in the summer. Step inside to a bright, open-concept main floor, where vaulted ceilings and a massive living room window flood the space with beautiful natural light. The kitchen is a chef's dream, offering a large center island, ample cabinetry, and plenty of space for dining—ideal for hosting family gatherings or quiet dinners at home. The main floor boasts three spacious bedrooms, including a primary retreat with a walk-in closet and a gorgeous ensuite featuring a soaker tub, large tiled shower with a rain head, and modern finishes. A huge pantry and main floor laundry add to the home's thoughtful design, providing convenience and extra storage. Downstairs, the partially finished basement is full of potential, with two large bedrooms, a full 4-piece bathroom, and two versatile spaces that can be transformed into a home gym, workshop, office, playroom or more. Built on an ICF foundation with in-floor heating, this level stays warm and inviting all winter long. Outside, the fully fenced backyard is a private retreat, featuring a 14ft-foot gate for easy access, a shed/workshop, a low-maintenance deck, a clothesline, and a cozy fire pit—perfect for evenings under the stars. With plenty of space to build a garage at the front, this property offers even more possibilities to suit your lifestyle. Don't miss your chance to own this beautifully designed, energy-efficient home in a fantastic location. Book your showing today!
