Welcome to 9934 110 Street—a clean, well-maintained bi-level that shows true pride of ownership. This home offers 2 bedrooms up, 1 down, and bathrooms on both levels (4-piece main, 2-piece in the basement), plus a cozy family/rec room downstairs. The kitchen and dining area have a beautiful view of the Rockies, and that same view can be enjoyed from the back deck, which features vinyl decking and a metal railing—perfect for soaking up the afternoon sun. The living room gets the morning light, making the home feel bright and welcoming all day. Updates include 35-year shingles (2023) and a new furnace and hot water tank (2021), so some of the big-ticket items are already taken care of. With a single attached garage and flat, easy-to-maintain front and back yards, this one is definitely worth a look.
